Smaaktabel

Smaaklabel:

Iedere olijfolie wordt aangeduid met een gekleurde olijf. Groen is zachte olijfolie, oranje is volle olijfolie en rood is kruidige olijfolie. Naast de kleur staat ook nog eens het woord geschreven (zacht, vol of kruidig). Let wel, de kleur is dominant op het woord. M.a.w., een groene olijf met het woord kruidig erin is veel zachter van smaak dan een rode olijf met het woord zacht.

*: meest geschikt om te bakken en te braden.
